## Matrix Calendar

The weekly outlook was:

|                                                                                                                                                              |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| High volatility on Tuesday                                                                                                                                   |
| Overall this week looks slightly bearish.                                                                                                                    |
| 09/16/25 -- Most bearish day for the week was Monday, but Monday's are too difficult to call. The large amount of bearish energy did show itself on Tuesday. |

All indicators have a +/- 1-day window in which their energy should be seen.

## Matrix Heat Map

The Matrix Heat Map, a simplified version of the Matrix, applies adjusted weightings to its values.

This week was only slightly bearish. I would call it neutral.

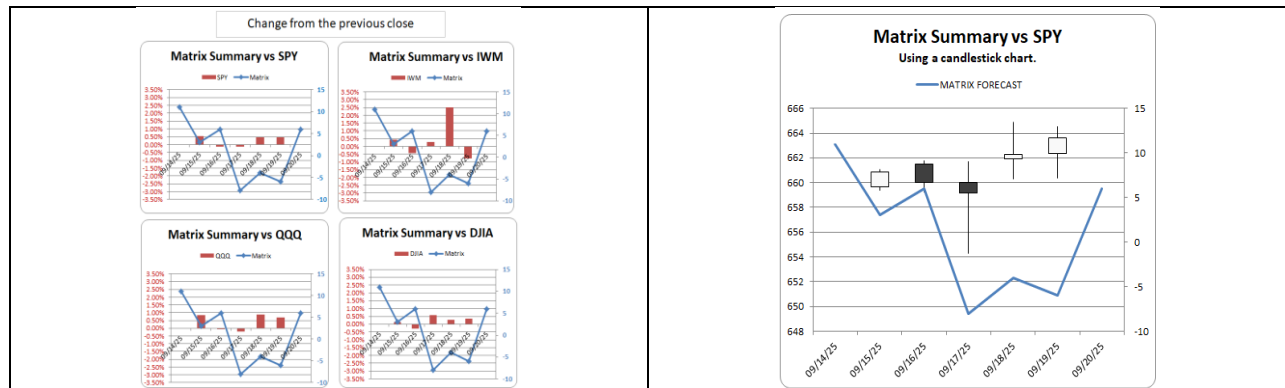

## Previous Weekly Reviews

[wallstreet-forecaster.com/weekly\\_review/past-reviews.asp](http://wallstreet-forecaster.com/weekly_review/past-reviews.asp)

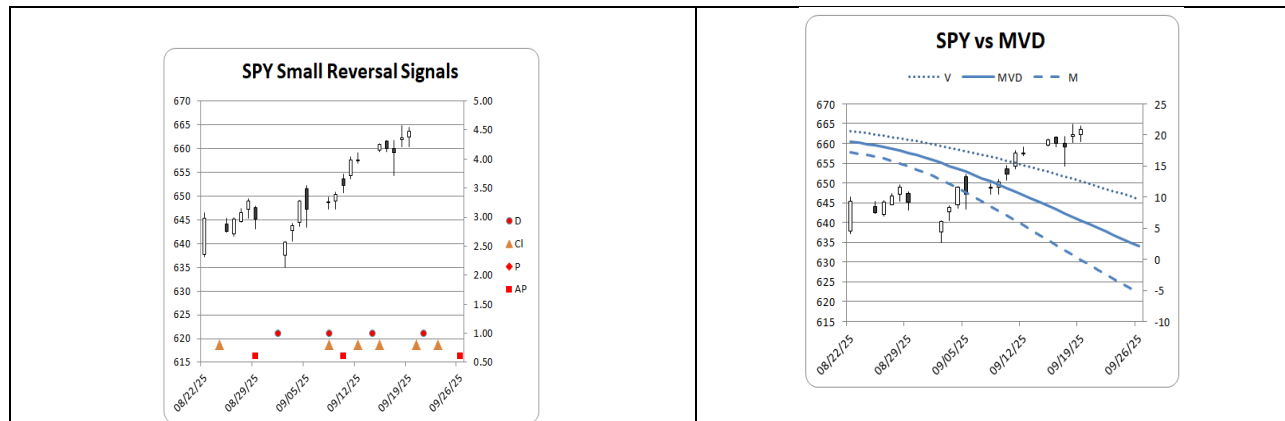

## Matrix Summary

Mondays are excluded from the analysis. Chart didn't tell us anything we could trade on with the exception of Wednesday and Thursday.

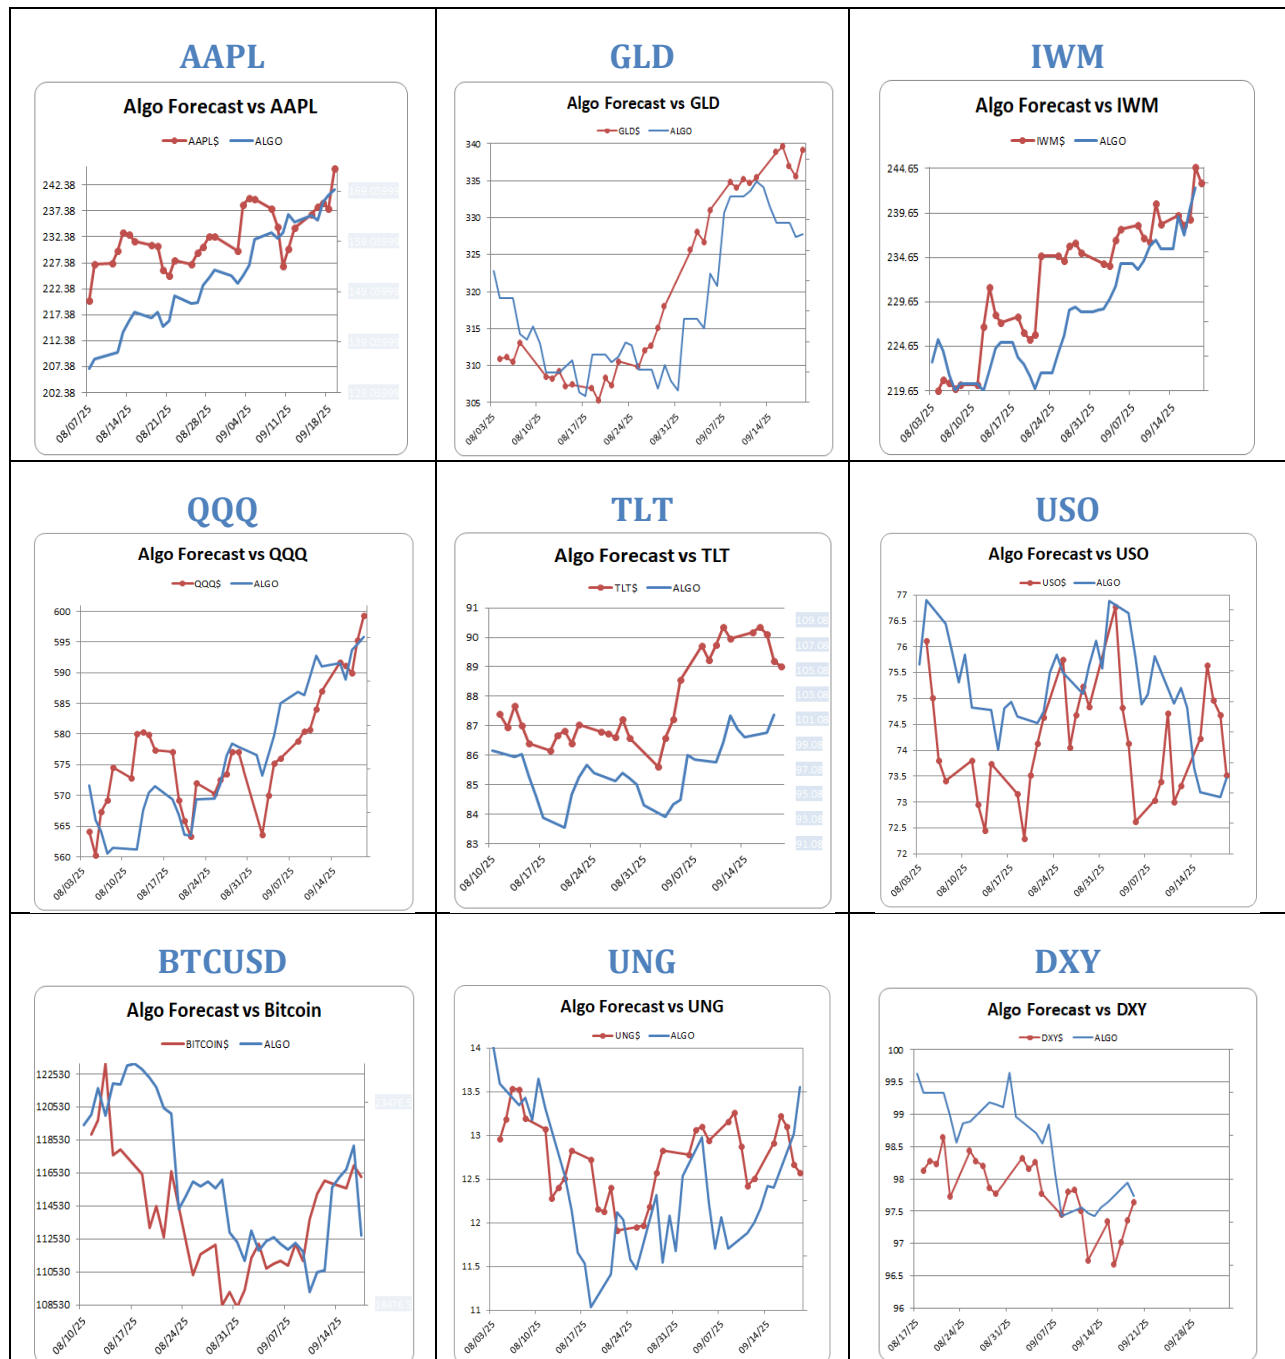

## SPY Indicators

Way too many reversal signals over the last two weeks to make any forecasts.

## Algo Forecasts

What are Algo Forecasts: [http://oss.cc/education/algo\\_forecasts.pdf](http://oss.cc/education/algo_forecasts.pdf)
